Kennedy Softball Complex	-18.90%
Washington - Baseball/Softball	-51.08%
Washington Tennis Courts	-22.30%
Washington Track	-3.19%

## REPORT CARD EXPLAINED

**Energy/Water Usage**—The percentage change that is noted is a comparison of Energy or Water used compared to the same month the previous year. If the facility has a negative number they are using less and get a “green” score. If the facility is a positive 2% or less compared to the same time the previous year, they earn a “yellow” score. If the consumption is greater than 2% compared to the previous year they get a “red” score. Any positive number indicates greater consumption.

**Energy Total/Water Total**—The percentages listed in these columns are the positive or negative changes to energy or water usage over the course of the 2013/2014 school year as compared to the total usage from the previous year.

Starting October 2014 the monthly report card will look a little different. The 3rd and 4th columns respectively will show the percentage of energy and water used to date as compared to the same time period the previous year. This will help everyone determine where they are in meeting the District goals of 5% reduction as compared to the previous year.

### KEY

- Ouch! Needs Some Work
- Middle of the Pack—Looking to Move Up
- Head of the Class—Honor Roll
