

# PROJECTS

Update the old painted and wore out flag-pole with a new maintenance free aluminum one. The new flagpoles have an internal pulley system to make raising and lowering the flag simple and easy.

Estimated cost                      \$4,200

Add outdoor seating with a new decorative bench. When installed on a hard surface, benches add seating for kids and adults alike while out playing on the playground or waiting to be picked up from school. There are many different styles and colors of benches available.

Estimated cost      \$1,350 to \$1,875

Replace an existing drinking fountain with a new bottle filler water cooler.

Estimated cost      \$1,600

Updating the playground equipment or replacing the mulch with new rubber matting is a great way to add fun and safety to the playground. There are multiple options for playground equipment and several different color options for matting.

Estimated cost                      \$30,000

Share announcements and get information to parents and students about late starts or early outs with a new LED message center sign. Signs can be designed to fit the school colors and show off the school mascot.

Estimated cost                      \$36,000

Contact the Building Grounds Department to help plan your next project.
