

Science

Six science credits are required for graduation. Students must complete coursework in earth science, life science, and physical science. If a student is considering a four year college or university eight credits or four years of science is recommended.

Earth Science Electives	Life Science Electives	Physical Science Electives
AP Environmental Science	Anatomy & Physiology	Forensic Science
	Ecological Problems	Unified Physics
	Botany	Chemistry
	AP Biology	AP Chemistry
		Physics
		AP Physics 1
		AP Physics C
