

Parent Survey

The Wilson PTSA is planning activities for the 2011-12 school year and would like to have your help and opinions as we continue to support Wilson students, families, and staff the very best ways possible. Please place each of your children who attend Wilson on this survey and return it to a homeroom teacher.

Please read the letter on the reverse side of this page before responding to the survey. Check the areas that interest you, and if help is needed, someone will call to see if you have time to help out. It would be very helpful if you could work as a family when you fill out this survey and include responses from all adults. **You won't be obligated to help just because you checked a particular area.**
