

School Improvement Plan  
Metro High School  
2016-2017

**Collective Commitments:**

Each member of the Metro staff develops a connection through positive and personal relationships with our students, our families, and our community while connecting students to systems, programs and services to overcome barriers to education. Staff provide a variety of learning environments and teaching styles to improve academic skills while we connect our instruction to student lives, leading students to earn a high school diploma and beyond. We work together to meet students where they are and provide supports for social, emotional, and behavioral needs beyond the classroom.

**Two goal areas:**

**Culture/Equity: Engaging reluctant learners**

Goal:

Metro staff will take additional measures to engage reluctant learners.

Responsibilities:

Implement program of home visits

Increase communication & improve/revise data collection regarding behavior

\*Identify and target student cohorts.

Implement provided PL relevant to goal

Develop culture of reading

**Updates**

**Academics/CEI: Providing specific feedback to students**

Goal:

Metro teachers will provide feedback to students regarding their learning.

Responsibilities:

Teachers will provide “Descriptive feedback for student [that] identifies the specific knowledge and skills needed to reach learning goal(s).”

Data on implementation will be collected.

**Updates**
