

Observer Portal - Adding Multiple Students

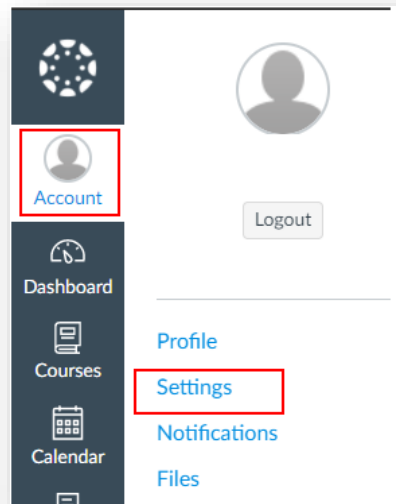

1. [Log into Canvas](#)

Login: The email address you registered and password.

***NOTE:** If you have not confirmed your account, you will not be able to add additional children.

2. Click on **Account** in the upper left-hand corner.

3. When the Account window opens, click on **Settings**.

4. Click the **Observing tab** on the left hand side of Canvas screen. (See Image on the right)

5. **Type in the Pairing Code** for your other child.

6. Select **+Student**

Note:

Each child will create a separate pairing code for each observer.
