

Setup Gmail on Cell Phones

[iPhone Setup](#)

[Android Setup](#)

iPhone instructions:

1. Go to **Settings**.
2. Scroll down to Passwords & Accounts>Add Account, and then select **Google**.

3. At the Gmail Sign in page, enter your District Gmail address and tap **Next**.

4. Enter your District password and tap **Next**.

5. Decide which items you would like to sync; Contacts, Calendars, and Notes. When finished press **Save**.

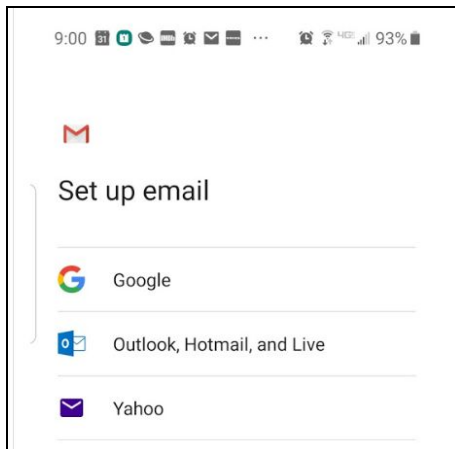

Android Instructions:

1. Open the **Gmail app** on your phone.

2. Select your profile image at the top of the screen.

3. Select **Add Another Account**.

4. Select **Google**.

5. Follow the prompts on the screen to enter your District Gmail address and District password.

6. Save when finished.
