What suggestions do you have for inclusion into the Facilities Master Plan that you would want to share with the Board of Education?

THE LIST FROM THE INDIVIDUAL SCHOOLS SHOW SOME COMMON THEMES. THESE SHOULD BE ADDRESSED. BUT THE DRIVING POINT SHOULD BE WHAT ARE THE FUTURE NEEDS... CONSOLIDATING OLDER STRUCTURES INTO "NEW" NEIGHBORHOOD SCHOOLS NEEDS A LONG LOOK.

Other comments:

IS LONG DISTANCE LEARNING FEASIBLE AT THE HIGH SCHOOL ... MIDDLE SCHOOL LEVEL ... ARE SCHOOLS GOING IN 20 YEARS GOING TO HAVE THE SAME NEEDS AS TODAY? WE HAVE TO LEAD TO ADAPT

What suggestions do you have for inclusion into the Facilities Master Plan that you would want to share with the Board of Education?

Schools throughout the U.S. serve multiple purposes. It would be great to hear how a broad cross section of the community defines their purpose and value. This ~~is~~ should be a component of what drives school board decision making.

Other comments:

Public engagement is vital to the process. It's sometimes ambiguous, frustrating and emotional. The more the CRSD does prior to decision making, the longer lasting or more sustainable the decisions will be for ~~the~~ community.

What suggestions do you have for inclusion into the Facilities Master Plan that you would want to share with the Board of Education?

Do not invest ^{any} more money in old facilities - waste of ~~limited~~ resources.

We must consider how to attract & retain students:

When new families move to area what do they hear - what do they see

Common spaces - cafeterias, gyms, aud. → showcase our district & all students benefit

Other comments:

Great process & people on committee - well done!
